Dynamics of the Mentored Contribution

- Find a table / join a team
- Find something to work on (an issue, etc)
- If an issue, update issue
- Decide what everyone will do
- Keep issue updated
- After event is over, keep contributing!

Agenda

- Why contribute
- Benefits of contributing
- Types of Contributions
- Initiatives
- Issue queue 101 / etiquette
- Merge Requests
- Tooling and documentation

Who are you?

- New to the world of Drupal
- “I’ve been around forever but never done any contrib”
- Looking for new ways to help out
- Have not worked with the new process
- Basically anyone!

Why contribute?

- If you depend on open source, open source depends on you
- Your contributions are valued
- Contributing makes you a more integrated part of the Drupal community

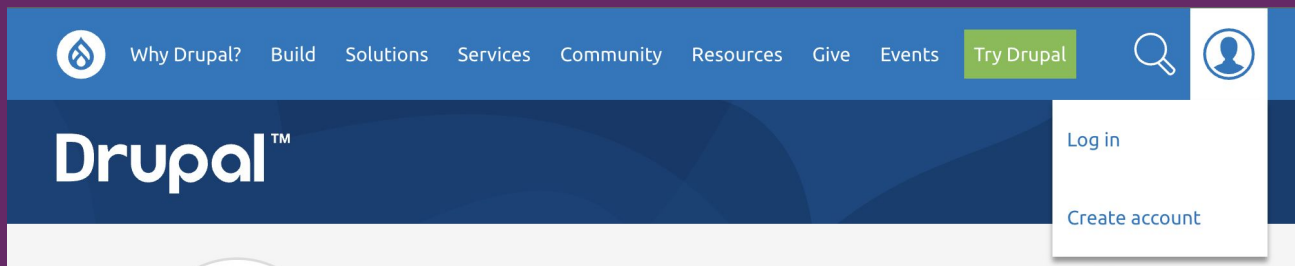

Why agencies should contribute?

- Drupal depends on sharing
- Good corporate citizenship
- Talent recruitment
- People love the community and attending events

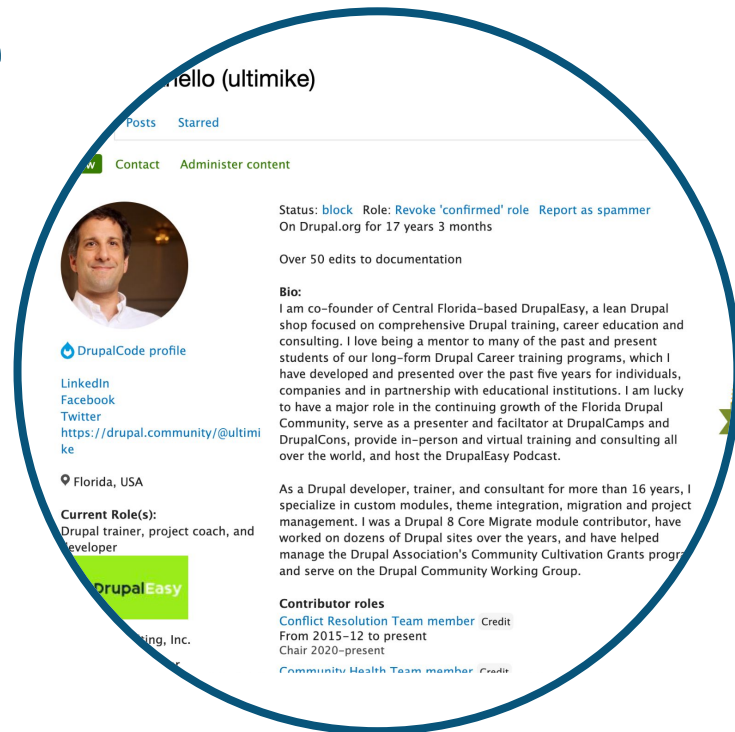

Create an account to contribute

On Drupal.org for 17 years 3 months

Over 50 edits to documentation

Bio:
I am co-founder of Central Florida-based DrupalEasy, a lean Drupal shop focused on comprehensive Drupal training, career education and consulting. I love being a mentor to many of the past and present students of our long-form Drupal Career training programs, which I have developed and presented over the past five years for individuals, companies and in partnership with educational institutions. I am lucky to have a major role in the continuing growth of the Florida Drupal Community, serve as a presenter and facilitator at DrupalCamps and DrupalCons, provide in-person and virtual training and consulting all over the world, and host the DrupalEasy Podcast.

As a Drupal developer, trainer, and consultant for more than 16 years, I specialize in custom modules, theme integration, migration and project management. I was a Drupal 8 Core Migrate module contributor, have worked on dozens of Drupal sites over the years, and have helped manage the Drupal Association's Community Cultivation Grants program and serve on the Drupal Community Working Group.

Contributor roles
Conflict Resolution Team member Credit
From 2015-12 to present
Chair 2020-present
Community Health Team member Credit

Florida, USA

Current Role(s):
Drupal trainer, project coach, and developer

DrupalEasy

You can still contribute without coding

You can be a huge asset to the project without ever writing any code

Types of contributions

Community

- Improve documentation
- Issue triage
- Translations
- Review content
- Marketing
- Event organization
- Sharing knowledge / Mentor

Types of contributions, cont.

Code

- Test experimental features
- Creating merge request (code)
- Test existing Merge Requests on issues (eg. with DrupalPod)
- Provide feedback

midcamp.org

The screenshot shows the Drupal.org documentation page. At the top, there's a blue header with the Drupal.org logo and a navigation bar. Below the header, there's a green banner with the text "Submit your session today". The main content area is white and features a section titled "Drupal.org documentation" with an "Edit" button. Below this, there's a sub-section "User accounts" with a list of links: "User roles and permissions", "Become a confirmed user", "Setting up Two-Factor Authentication", "Deleting your account", "Demographic information", "Git Authentication for Drupal.org Projects", "Managing accounts for deceased users", and "Managing e-mail addresses on Drupal.org". To the right of the "User accounts" section, there's a "Guide maintainers" section with a "Follow" button and several profile pictures. The bottom of the page shows a "Content guidelines" section with links for "Case Studies" and "Front page promotion".

DrupalCon North America 2022 is back in person in Portland, Oregon from 25-28 April, full of insights, information, and connections. COVID-19 precautions will be in place. Register before 24 April and save \$100.

[Register now](#)

Download & Extend

Drupal Core [Distributions](#) [Modules](#) [Themes](#) [General projects](#)

[View](#) [Version control](#) [View history](#) [Automated testing](#)

Created by Drupal on 28 September 2005, updated 27 December 2022

Get started by downloading the official Drupal core files. These official releases come bundled with a variety of modules and themes to give you a great starting point to help build your site. Drupal core includes basic community features like blogging, forums, and contact forms, and can be easily extended by downloading other contributed modules and themes.

Before installing Drupal, please review the system requirements and the installation instructions.

Information on version numbers can be found in the online documentation.

Future development plans

View our [Strategic Initiatives and Development Roadmap](#).

Following Drupal core development

For announcements of major initiatives and opportunities to contribute, please follow the [Drupal Core Blog RSS feed](#).

[Change records for Drupal core](#)

Releases

These are stable, well-tested versions that are actively supported.

Drupal core 9.3.9
Released Mar 21 2023

Actively maintained with new features and backwards-compatible improvements every six months. Use this version for the best compatibility with future releases.

Drupal core 7.89
Released Mar 02 2022

Supported until (at least) November 2023. Use this version for the best compatibility with future releases.

Drupal 10.0.0 is coming soon. Help us test it today!

A supporter to allow module and theme developers to test compatibility with the next major release

Merge Requests

The screenshot shows the Drupal.org website interface. At the top, there's a navigation bar with links like 'Why Drupal?', 'Build', 'Solutions', 'Services', 'Community', 'Resources', 'Give', 'Events', and a 'Try Drupal' button. Below this is the 'Drupal' logo and a 'Download & Extend' section with links for 'Drupal Core', 'Distributions', 'Modules', and 'Themes'. The main content area is titled 'Issues for Drupal core' and includes a search bar and filters for Status, Priority, Category, and Version. A table of issues is displayed, showing columns for Title, Status, Priority, Category, Version, Component, Replies, Last updated, Assigned to, and Created. The first issue is 'Allow the MediaLibraryBuilder service to use an alternative view display new' with a status of 'Needs work' and a priority of 'Normal'. The second issue is 'It's very difficult to alter forms of inline (content blocks) placed via Layout Builder new' with a status of 'Needs work' and a priority of 'Normal'. The third issue is 'Implement a PagerManagerInterface::findPage() method new' with a status of 'Needs work' and a priority of 'Normal'. The fourth issue is '[meta] Ensure compatibility of Drupal 9 with PHP 8.0 (as reviewed) updated' with a status of 'Active' and a priority of 'Critical'. The fifth issue is 'Online Meeting 2020-11-09' with a status of 'Fixed' and a priority of 'Normal'.

Issue Summary – General guidelines

- You should be able to understand the issue and its current status
- Summary should use short, clear sentences
- It should use markup for better readability
- It should Identify the key points
- Include links to particular comments
- The UI and API changes sections can be left as "TBD"

Issue Queue Transparency

Issue Queue Transparency

ing that indicates

The screenshot shows a sidebar on the left with navigation links: Checkboxes and Ra, Articles, Fieldset, Recipes, Text, Table, Field UI, Autocomplete, Progress, Buttons, and Dronbuttons. The main content area displays an issue with the following details:

Needs review	
Project:	Drupal core
Version:	9.3.x-dev
Component:	Olivero theme
Priority:	Normal
Category:	Bug report
Assigned:	Unassigned
Issue tags:	Accessibility , CSS <small>about tags</small>
Reporter:	mherchel
Created:	26 Feb 2021 at 08:43 PST
Updated:	15 Sep 2021 at 03:37 PDT

Below the issue details, there is a purple star icon with a green star inside, and the text "Follow 6 followers". At the bottom, there are links for "Jump to comment: [First unread](#), [Most recent](#), [Most recent file](#), [Add new](#)".

Be kind to the folks who are following the issue and receive emails.

Issue Queue Transparency

midcamp.org

When to be transparent:

- If it's your first time doing something
- Why you're using a specific tag
- If the issue is being held for new contributors
- Who is helping with the issue
- Why you're assigning yourself

Issue Queue Etiquette

Issue Queue Etiquette

Things to do

- Report the issue in the correct project.
- Read any relevant documentation.
- Investigate if the issue already been fixed in the latest version.
- Try to get help from the community

Issue Queue Etiquette

Things to do

- Search the Issue Queue for the same or similar issues
- Provide as full of a description of the problem as possible
- Come back and report if a solution worked for you or not

Things to do

Issue Queue Etiquette

- When tagging utilize the autocomplete functionality.
- Follow the [guidelines for when to assign an issue to yourself.](#)
- Remember to leave novice issues for new contributors.

Issue Queue Etiquette

Things
to
AVOID

- **Don't:** Report a security problem in a regular Drupal issue
- **Don't:** "Hijack" other issues
- **Don't:** Mark an issue RTBC without testing
- **Don't:** Don't just change a .txt file to a .md file

Issue Queue Etiquette

Things
to
AVOID

- **Don't:** Change the status of an issue from "Fixed" to "Closed (fixed)"
- **Don't:** Open an MR or upload a patch on a fixed/closed issue
- **Don't:** Create an empty fork

Use of AI

Development Tools

drupal.org/tools

Development Tools

- DrupalPod (what we will be using)
- Local development environment
 - DDEV, Lando, Docksal,
- Tugboat
- SimplyTest.me

DrupalPod

- Download the DrupalPod browser extension - Chrome or Firefox
- Go to any issue page on Drupal.org (core, module, or theme)
- Select the DrupalPod extension
- (Optional) Choose a patch / issue fork / branch

Note: You will need a github account

Forking and Merge Requests

- Create issue fork - Creates whole new fork of project
- Create a branch on fork - [Issue#]-[Short-Description]
- Make changes and commit with meaningful message
- Open Merge Request
- If everything passes, branch in fork is merged into project

Drupal Strategic Initiatives

[/about/core/strategic-initiatives](#)

Automated Updates

The goal of the [Automatic Updates](#) Initiative is to provide safe, secure automatic updates for Drupal sites.

Easy out of the Box

The goal of [Easy out of the Box](#) is to attract new and novice users to Drupal by improving the editorial experience from the moment Drupal is installed.

GitLab Acceleration

The goal of the [GitLab Acceleration](#) is to make contribution to Drupal more accessible to new developers who are more familiar with contribution to other projects.

Next Generation Page Builder

The goal of the [Next Generation Page Builder](#) is to..

Project Browser

The goal of [Project Browser](#) is to make it easier to find and install modules for people that are new to Drupal.

Recipes, Starter Kits, Distributions

The goal of [Recipes, Starter Kits, Distributions](#) is to make it easier for site builders to build the kind of web application.
